ViewSonic® N2010 LCD TV Display

20" NEXTVISION LCD TV

Style, design, versatility & entertainment.

ViewSonic`s NextVision N2010 20" LCD TV transports you to a revolutionary viewing experience by bringing bright, crisp, vibrant video and TV images to your desktop, kitchen, bedroom or anywhere else you desire. This **STYLISH, ULTRA-THIN**, flat panel screen is wall-mountable so you can put it just about anywhere in your **HOME** or **OFFICE** and enjoy amazing image quality for video, TV, DVD movies or digital pictures. High brightness and contrast ratio enhance your viewing enjoyment.

Full-screen, high-resolution video entertainment.

UltraBrite™ technology brings images to life

UltraBrite technology and fast video response time bring TV, video, movie and gaming applications to life with bright, saturated colour.

Vivid colours and crisp images come alive

450cd/m² of brightness (typ) and a high 500:1 contrast ratio (typ) make your video come alive with vivid colours and sharp images.

Get into the action with super-fast video response

The super-fast 16ms video response time brings gaming and movies to life with crisp, life-like video.

Plug-and-play connections add versatility

Easily connect TV and video entertainment, DVD, games consoles, set-top boxes and camcorders. The N2010 can be the visual interface at the heart of a complete home entertainment system.

Multiple video input and support

SCART, S-video, component and video connections provide numerous options that let you enjoy a variety of video entertainment sources.

Powerful multimedia stereo audio

Two built-in stereo speakers deliver 10 watts RMS of stereo sound to your TV channels and movies.

You'll never have to leave your seat with this remote control.
